## Nature Scavenger Hunt

- Something thin (opposite of thick)
- Something brown (should be pretty easy!)
- Something with veins (not a human!)
- Something smooth (smooth like butter)
- Something scented (good or bad)
- Something twisted (a branch maybe?)
- Something that looks like a "Y" (not a M, not a bird poop please)
- Something white (no bird poop please)
- Something hairy (ew...)
- Something brittle (breaks easily, be careful)
- A piece of bark (on the ground, don't hurt the tree)
- Something rough (kind of like sandpaper)
- Something with a hole in it (can you find some?)
- Something translucent (lets light shine through a bit)
- A feather (don't pluck from a bird please!)
