# Create a New Invention!

## Commercial Project

For this project, you will invent something new, write a script and perform a commercial persuading people to buy your product.

### Project Requirements:

1. Commercial must be 2 - 4 minutes long, memorized and performed confidently
2. Props or costumes are not required but are allowed of course!
3. Commercial Script and Planning Notes must be written neatly and proofread carefully
4. Most important, remember to have fun and be creative!

# Here's why buyers this resource

“ My students loved creating their own inventions and then selling their products through an infomercial. A great time was had by all!  
– Noreen S ”

“ This was a great writing and science project for my students. They were able to see what actually goes into creating something. This was great!!!  
– Schritta D ”

“ My kids LOVED this! Each of my students designed and created their own invention. They loved being able to create something they thought would be useful. They were engaged the entire time. Thank you.  
– Amanda P ”
